Pioneering  
Innovation

Built on a philosophy of high quality and best value, GPA Technologies, Inc. (GPA) has firmly established itself as a cutting-edge engineering and information technology services company. Incorporating innovative technical and management techniques, GPA has effectively provided maximum results to its clients while remaining cost competitive.

We understand that in today's business climate, the ability to deliver quality service at a competitive price is a must. We pride ourselves in understanding our client's complex needs and the ability to effectively respond to unique requirements without compromising the bottom line.

Our highly qualified staff of seasoned professionals is well equipped to handle your most demanding and diverse projects. Years of experience have resulted in successful completion of projects for our most discriminating clients. Our take-charge attitude coupled with our advanced techniques provide solutions to your challenges, no matter how specialized or difficult.

Headquartered in Southern California, GPA is a minority-owned small disadvantaged business, which has been certified by the Small Business Administration to participate in its Section 8(a) program.
